

# Info from westflex

Hope I don't blow off!

## STORMY WEATHER

**2016 is flying by and we're already into the second half with a straight run to Christmas!**

Mother Nature is playing games with severe cold snaps across a lot of the country and

making it a pain for those of us who rely on some decent weather to get our jobs done. But what can we do? Winter is supposed to be wet and woolly!

Hopefully good weather will be in store sometime soon.

# Now Stocking Quick weatherproof flashing DEKS Fast Flash Lead Free Flashing

Fast Flash consists of aluminium stretch netting cast in environmentally friendly polymer rubber. Fast Flash is self-adhesive on the reverse and protected by cover foil that is removed before installation. Fast Flash is available in rolls in three standard sizes and comes in Grey, Black or Brick Red.

Fast Flash can be installed on roofs with a slope of min.5° and on almost all roof materials.

**Check out how to use these products on YouTube!  
Just search Nutech Paint EcoSafe Stripper**

## STARPOINT DISTRIBUTOR IN FOCUS

### ROOF FIXING SUPPLIES®

This issues Distributor in Focus specialises in the design and manufacture of roof tile clipping systems. Their products are available throughout Australia and exported to several other countries.

The business began back in the 1970s when Tom Whitelaw had a bright idea. Over the years the system has developed and improved, and today is still constantly being reviewed and refined.

The clips have been tested at the James Cook University Cyclone testing station Townsville for Australian conditions. And conditions don't get much tougher than in Queensland!

Roof Fixing Supplies® are also the developers and manufacturers of Stormseal, a polyurethane foam impregnated with an inbuilt adhesive which can assist with the installation of valleys and ridge capping, both tiles and metal, and bird proofing of perimeter roofing. The product has been approved in fire prone areas and reduces the chance of water ingress. Restorers can't get enough of it!

Roof Fixing Supplies® stock a range of roof tile fixing accessories. Becoming a Starpoint distributor and supplier was, in their own words, "One of our better moves. We love the product and find the team at Westflex fantastic to do business with."

More recently RFS became the official distributor of Fasco Elevators, Fasco tile cutters and roof tiling equipment, tools, parts and repairs. RFS specialise in all the needs of the roof tiler, a one stop shop conveniently located on both sides of Melbourne, and providing materials all over Australia.

Fast efficient quality service at a good price!
